

**Video Message on International Education Week 2011 from U.S. Ambassador to Belgium  
Howard Gutman**

Hi. This is Ambassador Howard Gutman in Belgium making sure you know about International Education Week from November 14th until November 18th.

Every student who studies abroad, either a U.S. student coming to Europe or a European student going to the United States, is an ambassador for life. As Secretary Duncan realizes, once we get a student to travel we have a diplomat and building bridges between countries.

So, I hope you enjoy International Education Week, November 14th to 18th. All the best.
